I am severely disabled, which is the reason I am entitled to be exempt from paying public transport with the so called "TfL Freedom Pass". Please should never approach me in a rude way or come across as very busy people without time for dealing with me. They shall be patient and bare with me because I am disabled and vulnerable. On the phone I need BSL (British Sign Language) interpreter. I only talk using beats of my finger on the phone. I call the Morse-like code of communicating spelling everything with the 1-26 English letters: "Alex-Gray code". Space between words and sentences is just more time... With it I can say words. But I don't talk. I am a dowser, the creator of cubic postcode, also called metric system postcode.

You gave us this map location earlier. Is the address correct? Can you tell us anything else to help pinpoint the exact location?

I was standing up with my cube in front of V&A Museum and Science museum. That day was the first day of a two days conference about Green Hydrogen clean energy storage. Two people, put something burning next to me that burned for half an hour a very white, dense and annoying smoke. I feel discriminated and abused in many ways by smokers. More recently a series of similar episodes happened in the city, in Bank. I don't believe at all that the POLICE.uk is going to do anything about. Real police would make it impossible to smoke and consume drugs with technology and close down (with security tape) massively places prone to legal or illicit drugs consumption. So, I am just reporting this for the sake of my peace of mind and as evidence that the police does not do their job and should be paid a salary. I would be very surprised if police in the uk fine smokers and drug junkies more than 50 pounds a year because you see cigarettes on the floor everywhere and no one cares to use a portable ashtray to avoid a heavy fine from the police. Did the police caught anyone driving drunk or driving sleeping or without driving license. It is actually surprising why self-driving engineers don't consider using dead corpses to improve driving since they keep coming to their destination saying that they are alive. No joke. Prove me wrong showing be reliable data and figures and I will be really surprised. In the meantime we have videos of Lady Gaga and Telephone. Proof of address with a driving license is a matter of status. I don't like that. I want my freedom pass to be called a Citizen Pass and be given the option to have my address on it, with a physical card. Let's stop.

At any point, were you on public transport?

Yes

Please tell us the number of the contactless payment card or Oyster card you used so that we can trace your journey and check for CCTV footage.

What happened?

Please tell us what happened, and the events leading up to it, to help us identify if an offence has been committed.

My very expensive cloth had to be disposed since I am allergic to nicotine, with a strong skin reaction to it. My week was ruined. My wife asked for a divorce and I had to move to another house. This caused my terrible financial problems and damage for several reasons. I am a need of CBT coaching to recover the traumatic experience of being abused by smokers. They should understand that I am autist and vulnerable instead of abusing me without shame.

Do you feel race, ethnicity, sex, gender, sexuality, disability or religion were a factor in this crime?

Yes

Please tell us why you feel race, ethnicity, sex, gender, sexuality, disability or religion were a factor in this crime

I may be discriminated for not being British and for being autist and schizophrenic for lack of a better word. I feel discriminated and some people know it is indeed discrimination and abuse. The law shall prevail. It should be hard in the UK to say someone is crazy or mad if they know they are indeed crazy and mad.

Description

As I said they stole me the right to be treated with respect and not having to buy new clothes and shoes. But as I said the police we have in the UK will not do anything about it, will pretend they are a bit deaf and close the case in less than a week if they give me a crime reference number. Several times I reported crimes on this website and when I go to a police station I am told they don't have it on their computer systems. So, nothing will change. And I have to accept it.
