What happened?

Please tell us what happened, and the events leading up to it, to help us identify if an offence has been committed.

This concerns a crime that occurred two years ago. I have a neighbor who is reportedly always causing disturbances due to loud music and noise. She spends her days drinking and smoking weed and lives with bulldogs that sometimes bark all night. One night, when the dogs were barking, I went to the living room to open one of the windows and ended up in an argument with my neighbor, Louise. I have been living at 20 Sandmere Road, SW4 7QJ, since September 9, 2019, and the problems with noise and narcotics have been ongoing. Sometimes, she smokes weed with other neighbors. More recently, I have another neighbor below me, a Portuguese man who claims to have been in prison in Portugal. He is also disrespectful, playing loud music and refusing to lower the volume when I complain, insisting that I am annoying him while he enjoys it. However, my primary concern is that two years ago, Louise broke my window in the middle of the night. I called 999 in shock, and the police arrived within five minutes. Apparently, Louise either left her home or did not answer the door, so the police did not speak with her that night. I received a crime reference number, but the case was not resolved at that time. This crime needs to be addressed because my social carers are now accusing me of breaking the window myself. They have the document with the crime reference number but did not contact the insurance company to replace the window. Now, they are falsely claiming that I was responsible for the damage. I would like to know the date and time I called 999 (in August, September, or October of 2022), the crime reference number, and the name and date of birth of Louise, so that I can take further action to thoroughly investigate this crime and prosecute those responsible. This situation has caused me significant distress, and I want to see this crime resolved and the facts clarified. I abide by the law and strive to prevent crime, so it is deeply unfair to be accused of actions I did not commit. I will only be at peace once this matter is properly investigated and the truth is established.
